

Sheep in Wolves' Clothing

Sometimes an ordinary human may develop the ability to defy Reality in the same way as the **UNNATURAL**. This may come about due to exposure to the **UNNATURAL** or experiments upon it, or from witnessing a discontinuity in Reality.

Such people become able to spend character points on **UNNATURAL** powers (at character creation, this is only using the 3 free points at the end). These powers are an attribute. The character can wield the power in the same way that an agent of that **UNNATURAL** force can. Unlike an agent, the character retains his original personality and goals and is not under the control of the **UNNATURAL**. Like an agent, the character can suffer Existential Crises.

Demonstrating this ability may cause fear or mental crisis in mundane witnesses, and will certainly attract the attention of the authorities. Even if it is only practised in secret, it may still call the attention of the **UNNATURAL**.
